

KATZ DISPLAY BOARD OUTDOOR

WATER RESISTANT DOUBLE-SIDED BOARD

Product Overview

KATZ Outdoor Display Board is a water resistant wood pulp double-sided board with water repellent properties. The product can be used for outdoor conditions over several weeks, without significant visual change of the print image.

However, moisture can cause paper typical deforming and loss of stiffness of the KATZ Outdoor Display Board. Therefore we recommend an outdoor use of maximum 12 weeks.

KATZ Display Boards marries a wood pulp core with a high-quality paper lining, to provide a totally organic, chemical-free alternative to traditional screen board & plastics like extruded PP, PVC & paper lined styrene boards.

it has excellent, consistent 'stay flat' properties, a superior cut-edge & outstanding print surface, making it perfect for even the most demanding images & creative applications. KATZ Display Board Outdoor is fully biodegradable & easily recyclable, making it the truly responsible & sustainable alternative for your next project.

Key Features

- Double-sided board
- Wood pulp core
- Water resistant / repellent properties
- 12-week outdoor usage
- 'Stay flat' surfaces
- Consistent high quality prints
- Environmentally sound, fully recyclable

Product Performance and Suitability: We believe the statements and information contained herein are accurate but are to be used only as general guidelines and are not warrants or guarantees. Because of the variety of possible uses, there is no warranty of fitness for a particular purpose. The buyer must test the suitability for each intended application before using. Aarque Group Ltd will not be liable for damages in excess of the purchase price of its products or for incidental or consequential damages. Should any failure to conform to this warranty appear within one year of the initial date of shipment, Aarque Group Ltd shall, upon notification thereof and substantiation that the products have been stored and applied in accordance with Aarque Group Ltd's standards, correct such defects by suitable repair or replacement without charge at Aarque Group Ltd's plant or at the location of the products (at Aarque Group Ltd's election); provided, however, if Aarque Group Ltd determines that repair or replacement is not commercially practical, Aarque Group Ltd shall issue a credit in favour of the buyer in an amount not to exceed the initial purchase price of the product from Aarque Group Ltd.
