

EPSON SureColor F9460 / F9460H

- Designed for roll-based fabric & soft signage production at up to 60 m²/hr
- Epson UltraChrome® HDk DS ink enables an exceptional gamut using just 4 colours
- Optional Florescent Ink (F9460H) enables sublimated product with maximum impact
- Advanced image processing for superior print quality and fine gradation
- Dual Epson PrecisionCore™ print heads with active nozzle status monitoring and auto self-cleaning for sustained production with minimum maintenance
- Automatic Tension Control (ATC), high-precision Auto Take-Up (ATU), remote status notification, and Continuous Ink Supply System (CISS) for cost-effective high-volume roll-to-roll production
- Oeko-Tex™ certification ensures fabric is safe for adults, children & infants⁴
- Supplied complete with Epson Edge Print and Accounting Software
- Comprehensive single source warranty with on site cover extendable up to FIVE years³

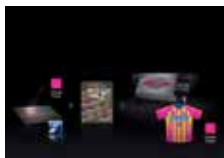

Epson SureColor Fabric Range

SC-F9460 64" High Speed Roll Based Dye-Sub System

Product Specifications

SIZE		ENVIRONMENTAL	
Max Print Width	64 inch (1625.6 mm)	Operational Temp	15~35°C (15~25°C recommended)
PRINT TECHNOLOGY		Operational Humidity	20~80% (no condensation, 40~60% recommended)
Print Head	Dual PrecisionCore™ TFP with advanced Variable Sized Droplet technology, nozzle status monitoring, and auto self cleaning system	Power Supply	2 X 5A 220 V ~240 V, 50 HZ - 60 HZ
Print Modes	Uni & Bi-directional	Power Consumption	570W Operating / 340W Standby (Heater On) / 14 W Sleep
Configuration	2/4 x 360 Nozzles per colour	Operating Noise	54 dB
Max Resolution	720x1440 dpi	PHYSICAL	
Min Droplet Size	4 pl	Dimensions	2620 x 1332 x 934 mm (WxHxD)
INK SYSTEM		Weight	290 kg (with MSS & CISS, no ink)
Ink Family	Epson Ultrachrome® DS & DS6	Packaging	Printer: 3.2 x 1.1 x 1.1 m, 390 kg MSS & CISS: 3.1 x 1.1 x 0.6 m, 100 kg
Ink Type	Dye Sublimation	WHAT'S IN THE BOX²	
Ink Set	4c F9460: Dual CYM + Dual High Density Black 6c F9460H: Dual CYMK + Dual HDK + Single FpFy	Printer, Media Supply System (MSS) with ATU, CISS, 1 x Starter Ink Set, 1 x reusable 2 L Waste Tank, 1 x Maint Kit, 1 x Head Clean Set, 1 x 64" Roll of Epson Multi-Purpose Transfer Paper, Installation/ Guide, Utility & User manual (CD), Epson Edge Print (CD).	
Supply	8/10 x 1.5 L Continuous Ink Supply System (CISS)	CONFIGURATION OPTIONS³	
PERFORMANCE¹		SCF94601Y	4c Printer with 1YR Warranty

Memory	512 MB Main + 128 MB Network	C13T46D640	2 x 1L Fluro Yellow UltraChrome DS6 Ink Refills
Media Output Heater	Selectable Off, 15-35°C		

- Performance figures are printer speeds only for output designed to be used for fabric application; actual production times will vary a range of factors including output application, print mode, computing platform, print application/RIP, file type/ format/size and networking configuration.
- Two HDK starter ink packs are included with both models, the F9460H ships with an additional Fluro starter pack. The independent sourcing of a calendar press and ancillary heater/blower will generally also be required. Some software components including the Epson Accounting Tool will need to be downloaded from the appropriate Epson Website. Important: not all software is Mac compatible (check website for details).
- A comprehensive warranty is provided on printers sourced through Epson Australia. The warranty covers the print mechanism (including print heads) and CISS system. It can be extended through the purchase of optional CoverPlus, either separately or as part of a configuration package. Free on-site repair is provided in major metro locations (non-metro locations will attract an additional travelling charge). Service is conditional on a range of factors including appropriate product usage, operation within print life limits, regular & appropriate user maintenance, as well as use of Genuine Epson consumables; please refer to the relevant Epson website for details.
- When Epson dye sublimation inks are used in the SureColor SC-F9460/9460H and applied to polyester fabrics, they meet the needs of Oeko-Tex Standard 100 for human ecological requirements of Class 1 products for adults, children, and babies up to 36 months. The standard specifies testing criteria for the presence of harmful substances within a textile product and belongs to the International Association for Research and Testing in the field of Textile Ecology (Oeko-Tex).

Designed for accurate colour reproduction with optional Fluro

High capacity 15 / 18L CISS. Tanks can be refilled while printing continues

Advanced Self-monitoring and Self-Cleaning systems

Efficient production with single operator media loading.

Advanced UltraChrome DS ink ships in cost-effective 1/1.1L packs
