Mactac MACal 8200 Pro Series

Mactac MACal 8200 Pro Series is a range of short-term monomeric vinyls that are specially designed to ensure easy computer cutting and fast weeding. A water-based permanent acrylic adhesive makes this calendared soft vinyl film a great choice for a wide range of flat surfaces, from indoor exhibition stands through to outdoor window graphics and signage.

OUTDOOR DURABILITY: Up to 3-4 years
THICKNESS: 75µ
ADHESIVE: Permanent Acrylic
LINER: Kraft

Mactac MACal 8900 Pro Series

Mactac MACal 8900 Pro Series is a range of intermediate mid-term monomeric vinyls that are specially designed to ensure trouble-free computer cutting and fast weeding, even for small letters and fine lines. A solvent-based semi-permanent acrylic adhesive makes this calendared soft vinyl film a great choice for a wide range of flat surface applications including glass, metallic substrates, boards, vehicles and other promotional applications.

OUTDOOR DURABILITY: Up to 3-4 years
THICKNESS: 70µ
ADHESIVE: Semi-Permanent Acrylic Solvent
LINER: Kraft

Mactac MACal 9800 Pro Series

Mactac MACal 9800 Pro Series is a range of high performance long-term polymeric vinyls that are specially designed to ensure trouble-free cutting and weeding even of small letters thanks to perfectly controlled release. The highly flexible facestock gives excellent conformability on flat to slightly curved surfaces and is a great choice for custom vehicle graphics, fleet branding, decorative panels and window graphics.

OUTDOOR DURABILITY: Up to 5-8 years
THICKNESS: 66µ
ADHESIVE: Permanent Acrylic Solvent
LINER: Kraft
