- > 7-inch full-colour touch panel with home screen provides ease of use
- > HyPAS™ solution platform enables powerful customisation

*ECOSYS M3540idn only

For workgroups who demand a compact, flexible and easy to use multifunctional device, the ECOSYS M3040idn and ECOSYS 3540idn offer the ideal solution. Both models have been designed to maximise efficiency of document throughput whilst minimising user time. Thanks to their full colour touch screen operation panel and integrated HyPAS™ platform, users can customise these devices to suit their specific needs. With output speeds of 40 pages per minute users need also not compromise on workflow efficiency. Add to this, long-life components that provide exceptional reliability and low running costs which minimise the impact on the environment, these devices really do offer an unbeatable package.

ECOSYS stands for ECOlogy, ECONomy and SYSTEM printing. With their long-life components, ECOSYS devices are designed to maximise durability and minimise the total cost of ownership with regard to maintenance, administration and consumables. The cartridge-free system means that only the toner has to be replaced regularly. The modular design concept allows you to add workflow-enhancing functions as required. Integrated system software provides long-term cross-network compatibility.
