

VersaSTUDIO BN2 Series

Professional Print & Cut Starts Here

YOUR DIGITAL FABRICATION SOLUTION

Ideal for companies looking to expand their product offering by supplying apparel decoration, stickers, decals and small signage.

The new design includes an intuitive user interface for simple operation, efficient print and cut function and small footprint products.

Its compact size makes it suitable for work areas with limited space, such as a small shop, office or in home use.

FlexiDESIGNER VersaSTUDIO simple and easy design and print software, allows you to effortlessly produce professional quality designs at affordable prices.
